

Dana Rosamund Teagle

Web/Software Developer

Toronto, Ontario

Summary

- Designer & developer with 4 years of experience transforming client requirements and specifications into accessible and intuitive websites, applications, and front-end interfaces
- Detail-oriented programmer who focuses on writing clean and maintainable code while efficiently troubleshooting and debugging issues
- Proven track record of leading teams and fostering effective collaboration, honed over 6+ years of experience managing restaurants and cafés

Work Experience

Web/Software Developer

Parallel 42 Systems (May 2023–present)

Contract (Full-time)

- Collaborated with project managers, back-end developers, designers, and Q.A. teams to build large-scale applications for clients (including Fortune 500 companies)
- Consulted on front-end methods and tools to streamline our development processes and ease onboarding for future web application projects

Web Designer/Front-End Developer

Self-employed (Apr 2020–present)

Freelance

- Designed sites and managed social media profiles for over 15 small businesses and self-employed clients, resulting in boosts of up to 60% in online visibility and web traffic
- Ensured consistent brand representation across multiple platforms, including e-commerce sites, booking systems, and email marketing campaigns

Social Media Manager

University of Western Ontario (Apr 2023–Jul 2023)

Contract (Part-time)

- Leveraged research by an education scholar with over 5,000 social media followers to develop a knowledge mobilization plan including visually appealing graphics and compelling web copy

Education

Web Development Immersive

Juno College of Technology (2022)

- Graduated with a grade average of 91.4% and mentored students from subsequent cohorts over the following 6 months

Skills

- JavaScript
- TypeScript
- Vue.js
- React.js
- Angular.js
- Figma
- HTML
- CSS
- SCSS
- jQuery
- Python
- Adobe Suite

Projects

True History Brewing

truehistorybeer.com

- Designed website layout wireframes based on existing client aesthetic
- Built out the site to use a headless storefront and a separate headless CMS for non-storefront variable data (hours, events, menus, etc.) for ease of updating
- Performed numerous rounds of testing to ensure accessibility, responsiveness, best practices, and cross-browser performance

Queer Walk (Pytheas)

queerwalk.ca

- Collaborated with Windsor HackForge to develop a guided walking tour for the 2SLGBTQAI+ community in Windsor, Ontario
- Led development of the project while spearheading upgrades to the open-source application that was used as a framework
